Protest Against Paving Material Used by Street Railway.

CITIZENS FILE OBJECTIONS

Content that Cobblestones Should Not Be Used Between Rails on the Streets that Are Paved.

Strong protests are being made by the citizens along Twenty-fourth street against the replacing of cobblestones between the tracks of the street railway company from N to L streets.

City Engineer Herman Beale stated yesterday that he had communicated with the street railway officials in regard to the matter and that the company engineers had suggested a plan to set the cobblestones in cement and to cover the whole with a cement topping.

Residents and business men on Twenty-fourth street are urgent that the street car company be compelled to pave between the rails and tracks with the same material used in the rest of the street.

The street car company, prior to the repairs recently started in its tracks in South Omaha, used a rough granite stone.

The citizens claim that according to law the company must use brick block between their tracks and rails.

TO KEEP UP HEADQUARTERS
Methodists Decide to Maintain Union in Omaha.
PASTOR TELLS OF PRIVATIONS
Head of Greer M. E. Church Lived on Five Cents Day for Three Months Following the Tornado.

Lived on Crackers and Milk.
For three months, said Rev. Mr. Smith, "I bought a bottle of milk for 4 cents and a penny's worth of crackers at a crumey street grocery, and that was all that I existed on during my struggle for members. It was a hard pull, but we made it, and now have a church. But the church is in debt and we need money. The members of my church are poor, but if we can get a little aid we will pull through and in a short time we will again be substantially on our feet."
The union advanced \$2 and expressed the hope that more could be advanced soon.

Deny Allegations of Mrs. Thompson
Mrs. Della Thompson, who is suing C. N. Thompson, rancher and banker of Wheeler county, alleged by her to be her husband under a common law contract; A. C. Thompson, his brother, and Byron Clow, for \$25,000 for alleged conspiracy to defeat her rights as a wife, gave way to tears during her direct examination yesterday afternoon and her testimony was interrupted after she told the court she was sick.

Strikers and Guards Fight in Bloody Battle
TRINIDAD, Colo., Oct. 24.—One striker killed, two strikers reported wounded, one seriously and one mine guard slightly wounded are the net results of an attempt by strikers, it is said, to prevent defection in their ranks this afternoon at Walsenburg.

Irrelevant Evidence in Beilis Case Bore
KIEV, Russia, Oct. 24.—While public interest in the trial of Mendel Beilis on a charge of murdering Andrew Yushinsky has not abated, it is significant that it now is chiefly centered in Vera Tcherlak's connection with the case. Much of the time of the court today was occupied with the reading of depositions of Karavayeff, a notorious criminal now undergoing a sentence of exile, who assisted former Chief of Police Karavayeff in his investigations of the case. They added nothing of importance to the evidence already adduced.
